MOVING FORWARD WITH HOPE

A MESSAGE FROM OUR FOUNDERS

Sadly, we saw the violence impacting the capital invade our area of Haiti this year. Two rival gangs have mostly respected what we are doing, but it has been a difficult year. It has also been the first year we have not seen our co-workers or been to Haiti in the entire time we've been working with Konbit Haiti. There is certainly a sadness that comes with the growing instability, but we also know that God is with our friends, the families we serve, the beneficiaries of all of our programs- and we move forward in hope.

We were able to once again break the record for how many kids attended our summer camp even with all of the violence. We are so thankful we were able to serve 2 meals to each child and staff member for 5 whole weeks. We also were able to expand our Christmas camp this year from 1 to 2 weeks to stand in the gap for these families.

Our Haitian Occasion was also amazing- we had a great time together and it primed the way for us to speak with some of our other amazing (non Alabama-based) partners. We are so thankful!

We continue to work to bring sanitation and hygiene through teaching, school projects, and church projects. We served hundreds of community members through this outreach this year.

Our goal continues to be to shine a light on all the work national Haitians are doing to work for the good of their nation and the goodness of God. Thank you for joining that effort!
